Professional Title

Instructor Operations | Operations & Technical Training Specialist

Refinery • Oil & Gas • VRU • Commissioning • Competency Assurance • OEMS

Professional Summary

Senior operations and technical training professional with **20+ years of experience** in oil & gas, refinery, and petrochemical facilities, including **15+ years delivering structured on-the-job training (OJT)** for operators and engineers. Currently managing **Vapour Recovery Unit (VRU) operations**, with strong expertise in competency-based training, operational readiness, commissioning, startup, shutdown, and emergency operations. Holds a **PhD in Environmental Science (2024)** with proven alignment to OEMS, process safety, and environmental compliance.

Core Competencies

Instructor Operations • Competency-Based Training • Training Needs Analysis (TNA) • On-the-Job Training (OJT) • Operational Readiness • VRU Operations • Refinery Operations • Commissioning & Startup • OEMS • Process Safety

Professional Experience

Vapour Recovery Unit (VRU) Operation Manager – EPROM (NPC Client) | 2025 – Present

- Lead VRU operations ensuring environmental compliance and reliability.
- Deliver VRU technical training and competency assessment for operators.
- Perform readiness sign-off prior to independent operation.

Operation & Maintenance Manager – HG Unit, EPROM | 2023 – 2025

- Managed crude oil processing facilities and live operations.
- Delivered hands-on training during normal and abnormal operations.
- Ensured compliance with safety, environmental, and OEMS standards.

Pre-Commissioning, Commissioning & Startup Assistant Manager – EPROM (NPC) | 2022 – 2023

- Supported CDU commissioning and startup.
- Trained operators on SOPs and emergency response.

Commissioning & Startup Supervisor – MIDOR | RASHPETCO | ESTYRENICS | EPP | 2008 – 2022

- Commissioning and startup of refinery and petrochemical units.
- Operator and engineer training and knowledge transfer.

Education

PhD in Environmental Science – 2024

MSc Environmental Sciences – Excellent

BSc Chemical Engineering – Honors

Certifications

HAZOP • OSHA • PSM • Energy Management • DCS (Yokogawa, DeltaV) • Firefighting • Risk Assessment

Languages

Arabic – Native | English – Excellent
