Hiring Manager

Enerflex

Eastern Hemisphere – Southern Governorate, Bahrain

Subject: Application for Plant Supervisor Position (Req ID: 3859)

Dear Hiring Manager,

I am writing to express my strong interest in the Plant Supervisor position (Req ID: 3859) within Enerflex's Eastern Hemisphere operations in Bahrain. With over 20 years of experience in oil & gas, refinery, gas processing, and operations & commissioning environments, I bring a strong combination of hands-on technical expertise, leadership capability, and operational excellence in high-demand production facilities.

Throughout my career, I have been responsible for ensuring safe, stable, and efficient plant operations, with direct involvement in compressors, rotating equipment, and gas processing systems. I have extensive practical experience with industrial engines and compressors, including troubleshooting, maintenance coordination, and performance optimization to ensure maximum reliability and availability of critical assets.

In my previous roles, I have consistently led multidisciplinary teams in challenging operating environments, aligning daily operations with production targets, maintenance schedules, and strict HSE requirements. I am highly experienced in preparing daily, weekly, and monthly operational reports, monitoring performance indicators, and implementing corrective actions to improve efficiency and reduce downtime.

I strongly align with Enerflex's values of Integrity, Commitment, Creativity, and Success. I understand the importance of maintaining continuous communication with clients and stakeholders, ensuring contractual specifications are met, and supporting emergency response readiness in remote and demanding site conditions.

Key strengths I bring to this role include:

- Strong hands-on experience in O&M of gas compression systems and rotating equipment
- Proven leadership of multicultural operations and maintenance teams
- Excellent troubleshooting and problem-solving under pressure
- Solid knowledge of plant performance monitoring, reporting, and optimization
- Strong commitment to safety, reliability, and operational excellence

I am confident that my background and technical expertise make me a strong fit for this role, and I would welcome the opportunity to contribute to Enerflex's mission of delivering safe, reliable, and sustainable energy solutions.

Thank you for your time and consideration. I look forward to the opportunity to discuss how my experience can support your operations in Bahrain.

Sincerely,

ABD EL FATTAH ALI ELEWA
