Email: chem.abdelfattah83@gmail.com

Location: Egypt

PROFESSIONAL SUMMARY

Highly experienced Operations and Commissioning Professional with more than 20 years of expertise in oil & gas, refinery, petrochemical, pre-commissioning, commissioning, startup, and operations management. Proven track record in refinery expansion projects, process optimization, plant startup and shutdown operations, DCS systems, HSSE compliance, and team leadership.

CORE COMPETENCIES

Operations & Maintenance Management, Pre-Commissioning & Commissioning, Plant Startup & Shutdown, CDU & VRU Operations, Refinery & Petrochemical Operations, Process Troubleshooting & Optimization, DCS & Automation Systems, HSSE & Process Safety Management, Shift Operations Leadership, Team Supervision, PTW Systems, Emergency Response & Risk Assessment

PROFESSIONAL EXPERIENCE

Operations & Maintenance Manager

EPROM – Petrosannan Oil & Gas Production | HG Unit | Western Desert, Egypt

June 2025 – Present

Lead operations and maintenance activities for oil & gas production facilities. Supervise plant performance, operational reliability, and process optimization. Ensure HSSE compliance and manage operational teams.

Assistant Operations Manager (Pre-Commissioning, Commissioning & Startup)

EPROM / PETROJET – NPC CDU-4 & VRU-3

Jan 2022 – June 2025

Managed pre-commissioning, commissioning, and startup activities. Coordinated system testing, flushing, leak testing, and readiness. Supported troubleshooting and startup execution.

Commissioning & Startup Supervisor

EPROM – MIDOR Refinery Expansion | Alexandria Free Zone

Jan 2012 – Jan 2022

Supervised commissioning and startup of refinery expansion units. Managed documentation, handover, troubleshooting, and optimization. Led operational teams during startup phases.

Commissioning & Startup Supervisor

EPROM / INEOS Lummus – ESTYRENICS

Aug 2008 – Apr 2011

Commissioning and startup of petrochemical polymer units. Supported plant validation, troubleshooting, and stabilization.

Control Operator

Alexandria Fiber Company (AFCO) – Aditya Birla Group

Sep 2004 – Jul 2008

Operated polymer and solvent recovery units via DCS. Monitored process parameters and ensured safe operations.

TECHNICAL SKILLS

DCS Systems, Refinery Operations, Petrochemical Processes, Commissioning Procedures, RCA, Process Optimization, Startup/Shutdown Procedures

HSE & SAFETY

HSSE Compliance, Process Safety Management, Risk Assessment, Emergency Response, PTW Systems
